# LECIEN

## REQUIREMENTS

A wide range of fabrics (as many as possible) for the diamonds

1 ½ yards of blue fabric for the border. Cut into (2) 4 ½" x 35" and (2) 4 ½" x 20" pieces.

¾ yards of beige fabric for the setting triangles. Cut into (2) pieces 13 ½" x 23 ¾"

2 yards of the medallion fabric for the outer border. Cut into (2) 7 ½" x 66" pieces.

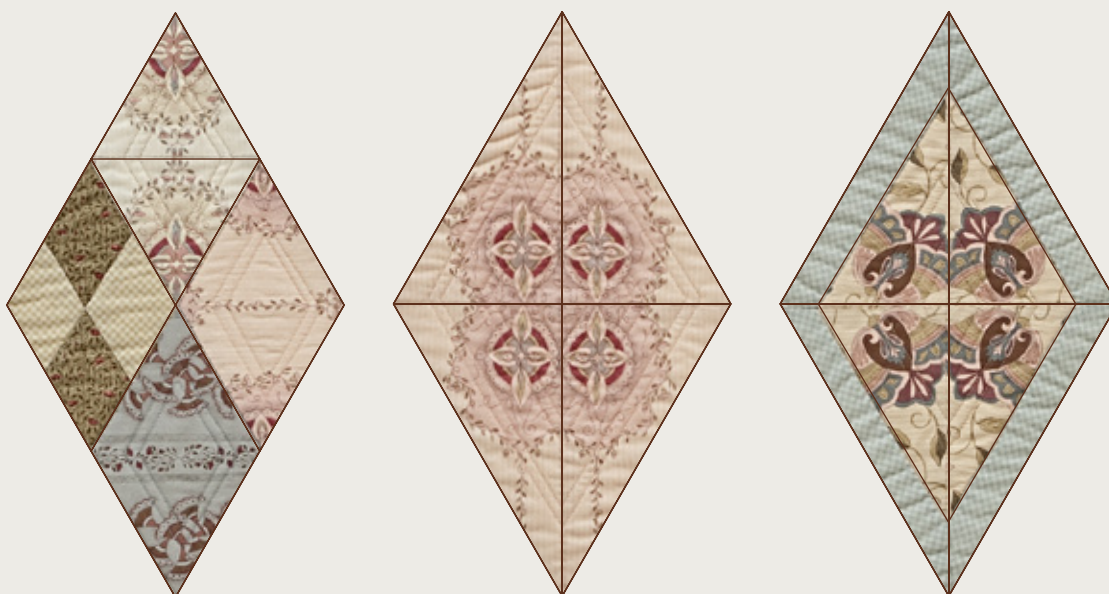

## DESCRIPTION

All templates are excluding sewing allowances

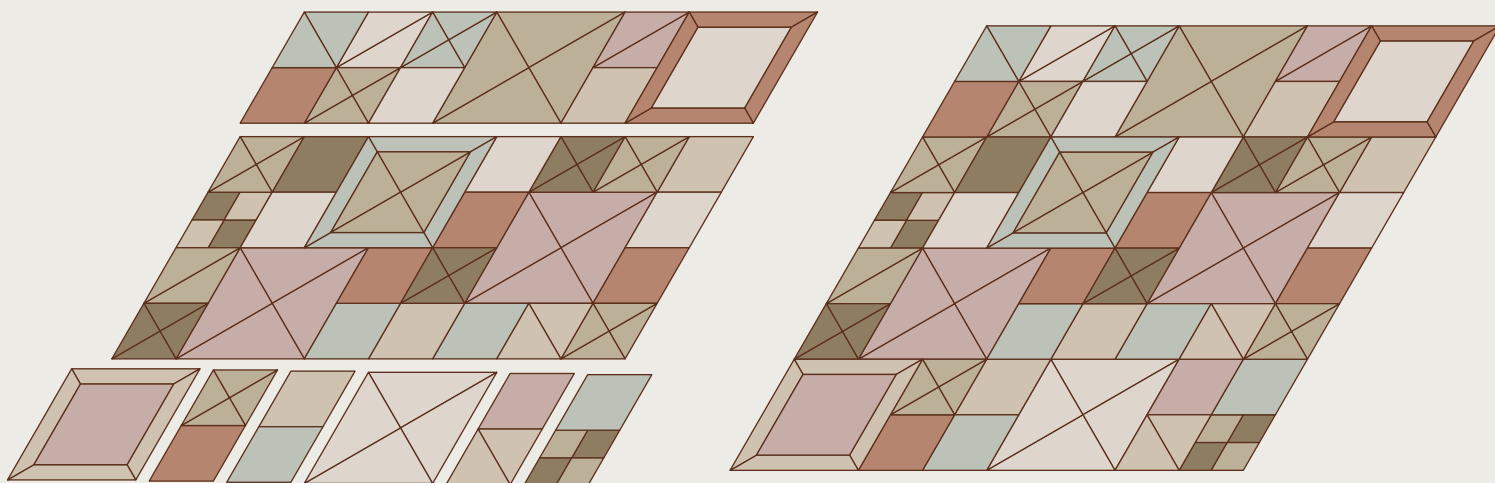

First make the diamonds. Following you will find the templates in actual sizes and subdivided to the different possibilities (be aware of the mirror image!).

Here are three examples that will certainly inspire you to make a variety of diamonds.

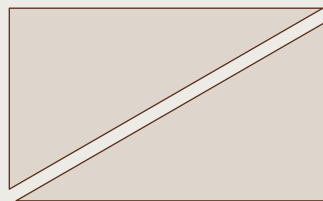

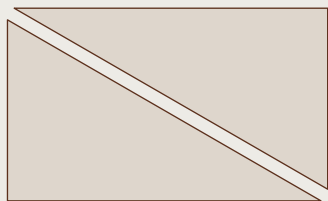

Keep the number of small and large diamonds the same.

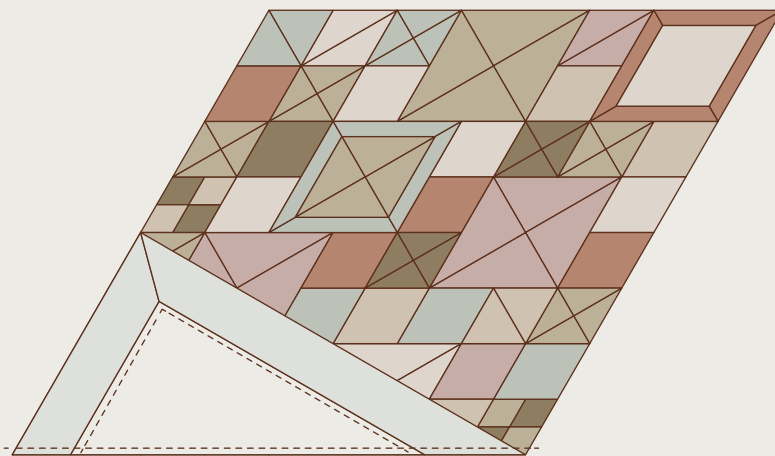

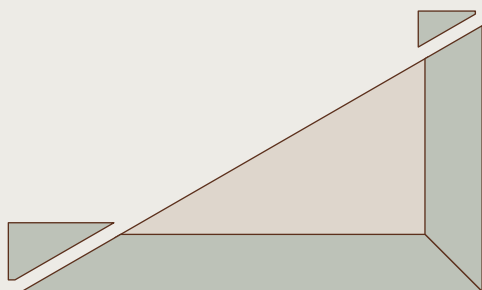

Put the diamonds together as shown

After that make the 4 corners. Taking the (2) 13 1/2" x 23 3/8" pieces, cut from diagonally from one corner to the opposite corner, changing the direction for the second piece.

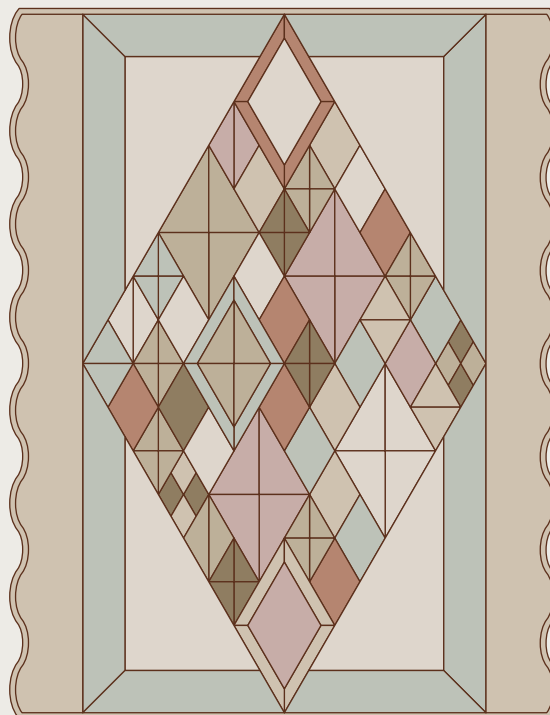

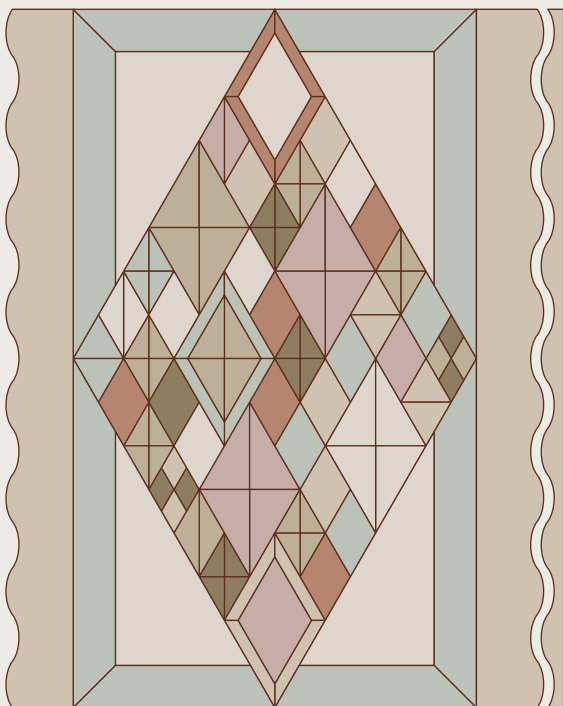

Take care to align the stripe detail in the fabric in the middle of the blue stripe when you cut. Mitre the corner using your favourite method. Trim excess fabric.

Finish with a border of medallion fabric.

Cut on the same distances from the medallions, so you will get a quilt with a curved border.

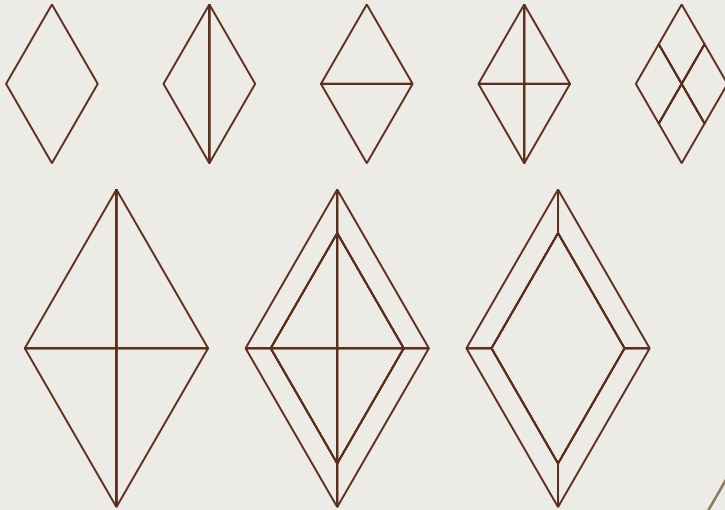

Quilt a "lattice" pattern in the diamonds, but quilt the four setting corners with a motif.

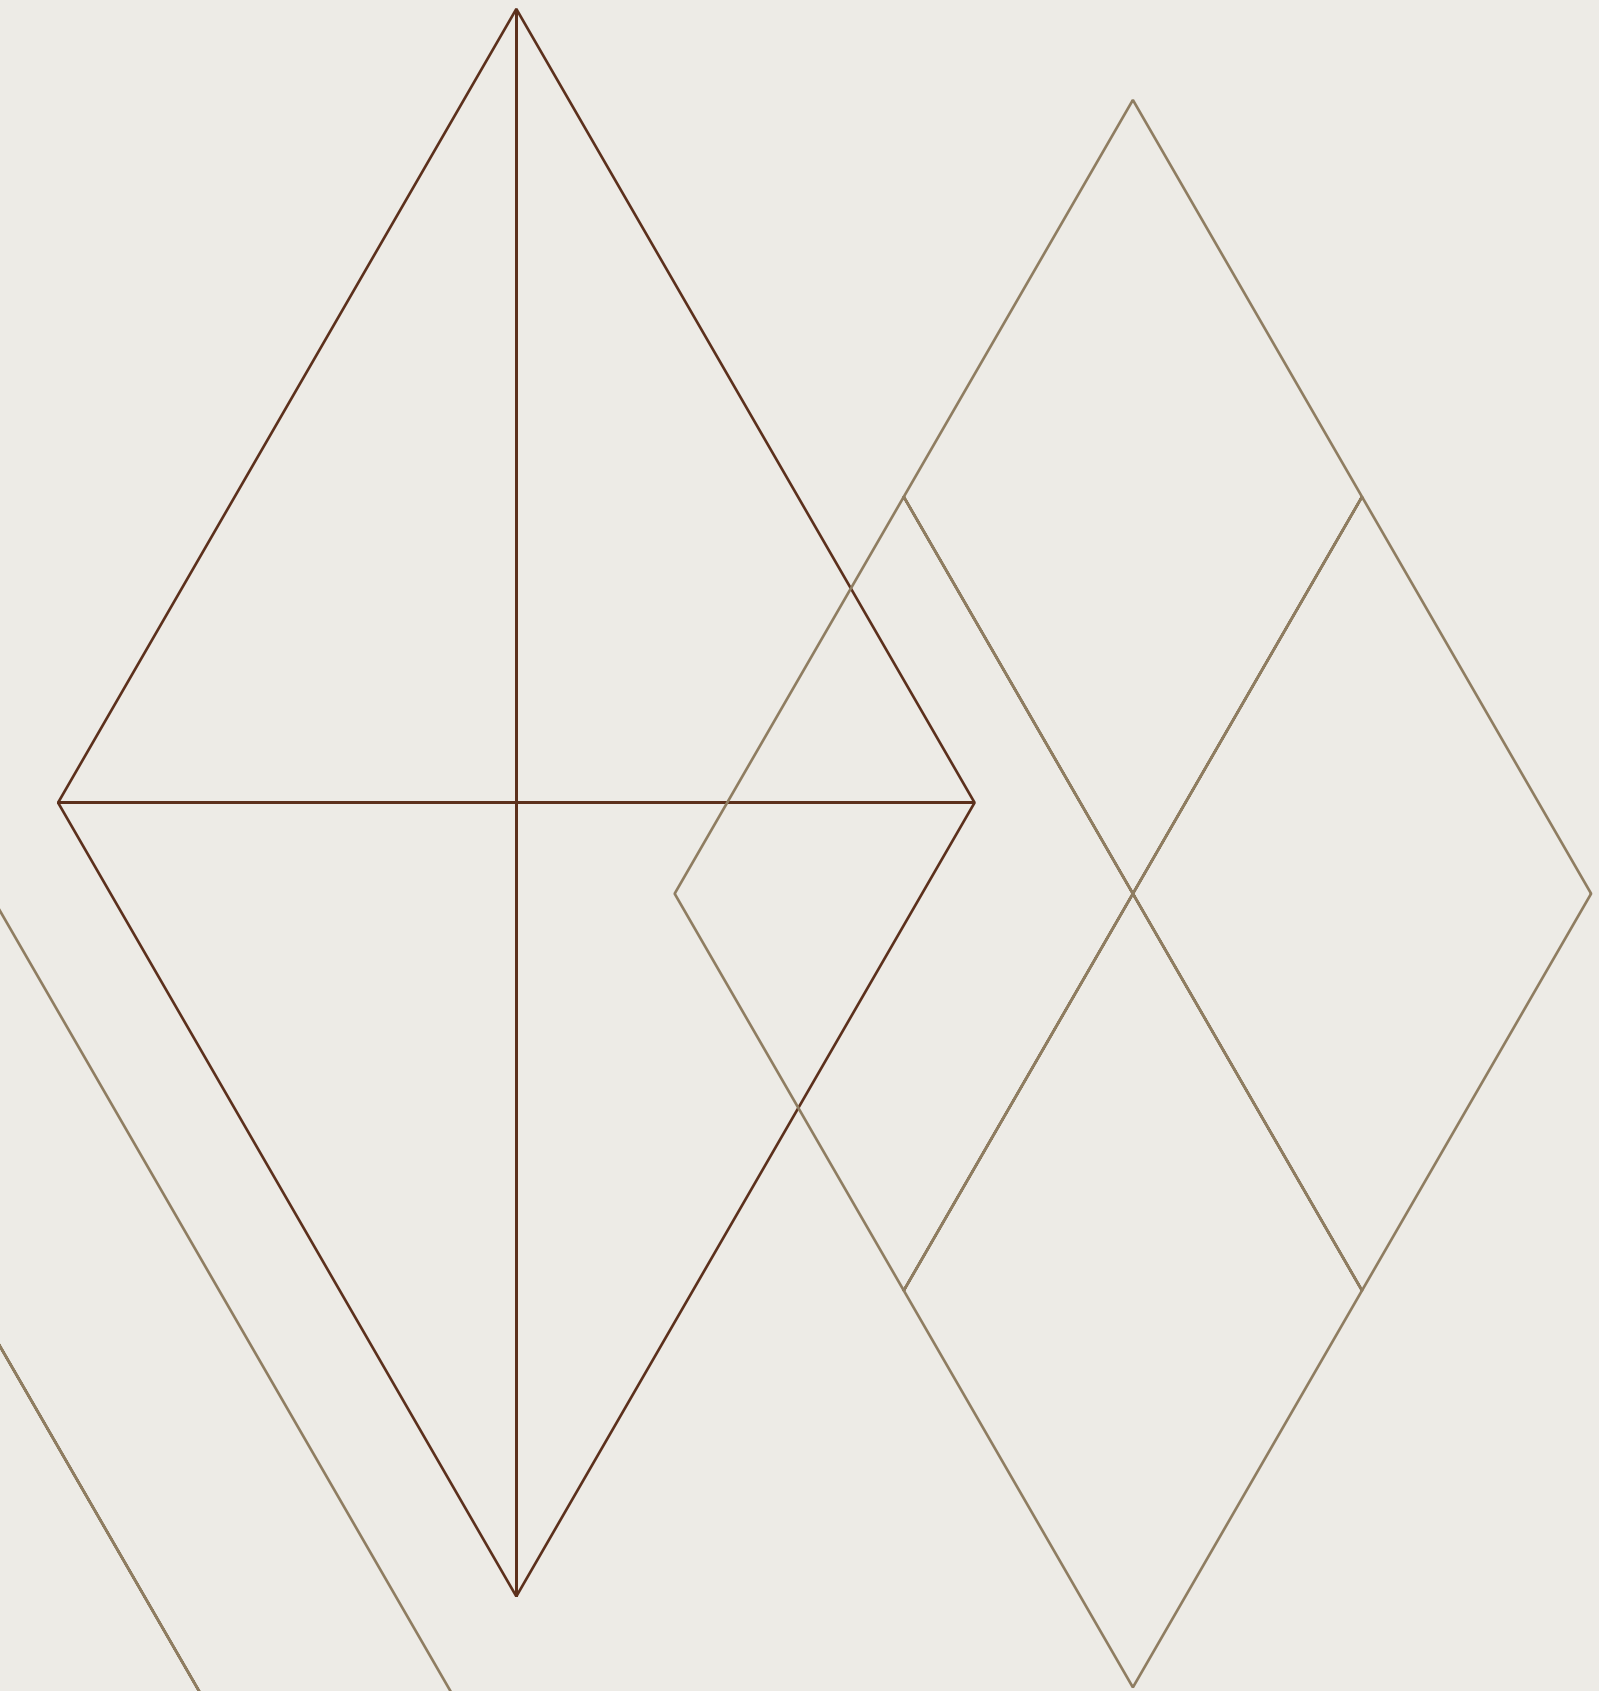

Much pleasure  
KRISTEL

# TEMPLATES

With the following templates you can create a wonderful collection of diamonds.  
Here are some examples:
